## **BACKGROUND AND EXPERIENCE**

---

Alisen Sanders comes to us with a degree in mathematics from the University of Texas at Austin and a knack for problem-solving. Normally she works behind the scenes to support everything from daily operations to key internal initiatives, but with her past experience as a teacher and principal, she is always ready to step in with the team and clients to help facilitate fast-moving negotiations and transactions. She is a capable, steady, and trusted member of the team..

1207 S. Bryant Blvd., Suite A  
San Angelo, Texas 76903
